DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1 and 3-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant, in lines 13-14 of the amended claims received on 10/24/2006, claims "a transmitter device which transmits the output control information stored by the storage device to outside." The phrase "to outside" does not describe or define any location or object to which the transmitter device is transmitting. This language is vague and indefinite.

Appropriate action is required.

Allowable Subject Matter

3. Claims 1 and 3-7 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
4. The following is a statement of reasons for the indication of allowable subject matter:

Claims 8 and 10-16 are allowable over prior art of record.

See reasons for allowable subject matter in the previous Office Action, mailed on 7/24/2006.

Art Unit: 2627
